Dave Weckl Island Magic Pdf

For a serious player with an eye to being a real professional this is a must to go through. It is for the more advanced or at a minimum "intermediate" drummer. If you want to learn how to play in odd times especially 7 The Island Magic tune and description is like nothing else on the planet to understand various ways to count and feel 7/8. With two CDs of demonstration and playalong tracks, authentic studio drum charts and a comprehensive book of analysis and commentary, this pack will help you find out just how Dave accompanies artists as diverse as Chick Corea, Michael Brecker, Steve Lukather and John Patitucci. There is so much effort in this product it is amazing The real key is Dave's thought process written in the pages before you even start playing and recording.
